Second Announcement Message

Dear Deaf Youth Associations/Sections,

Time has flown by very quickly since our First Announcement. We are pleased to announce that we have been working hard to ensure the camp is successful and has huge influence on the camp participants by bringing together four presenters from different countries around the world.

We would like to achieve this through our theme "**Yesterday, Today, Tomorrow**".

For the definition of time, we live in is both simple and complex.

Time is passing by now, and we hope this camp will be a time of enlightenment related to the past, present, and future.

Just as Deaf people demonstrated in the past and gained the human rights of Deaf, the importance of what Deaf youth have been doing for the deaf society in the past is being forgotten until now. Also, in the future, the history of Deaf will maybe be forgotten. Through this camp, participants can realize each other's perceptions of the past, present, and future and develop each Deaf community in the future. They have sought identity and human rights in the past, they have now tried to enact the sign language and are trying to go on a good path in the future.

Please ensure the potential youth participants who wish to participate will need to contact their Deaf Youth Association/Section, which would be yours. We will only accept registrations from Deaf Youth Associations/Sections. If any potential youths are interested but do not have a Deaf Youth Association/Section, don't hesitate to contact the WFDYS. **The deadline date for registration will be on Friday, March, 31. We are now accepting four participants from each country; keep in mind, make sure the opportunity is fair and gender balanced.**

Best regards,

Program
